## £ Cheyenne Frontier Day. 2

THE following pictures represent the residents and life of the early settlers in the West, as shown by the two days' celebration given every year in Cheyenne, Wyo., under the name of "Frontier day."

Many of the feats of riding and roping are not surpassed by the greatest vaqueros of Mexico, and this show is rapidly acquiring a national reputation from the wonderful skill of the competing horsemen. Prizes are given for riding, roping and racing, and the general features are typical of early western life.

I submit this little pamphlet illustrating some of the striking features of the show,

Respectfully yours,

J. E. STIMSON.
